

ARTWORK & DESIGN

Artwork & Design Services

Clear pricing for production-ready artwork, artwork preparation, original design, and custom-quoted work.

Artwork Prep starts with a design you supply. Custom Design is for projects where you want iLLUMiTUBES to create the artwork.

Choose the artwork path that fits your order

Path	Fee	Best fit
Production-ready artwork	\$0	Your file already meets the selected template requirements and only needs normal proofing.
Artwork Prep Service	\$70	One supplied design needs resizing, formatting, resolution or quality improvement, minor cleanup, or production preparation. Additional supplied designs are \$45 each. No new design work.
Custom Design Service	\$150 per order	You want iLLUMiTUBES to create the artwork. Includes up to two unique designs and one reasonable customer-requested revision round.
Additional design / revision	+\$95 / +\$45	Each unique design beyond the two included is \$95. Each additional customer-requested revision round is \$45.
Sequential / variable artwork	Custom quote	Changing names, numbers, table numbers, sponsor versions, or similar variable graphics.

What counts as production-ready artwork?

- Use the exact current template for the selected size.
- Keep important logos, text, faces, and critical design elements inside the safe area.
- Use approved customer logo files and brand standards.
- Final production still follows the normal proof-approval process.

What the included revision round means

The included revision round covers one reasonable consolidated set of customer-requested changes. Corrections to an iLLUMiTUBES design or file-preparation mistake do not count as the customer revision.
